

IMPROVED, FLOWABLE FORMULATION

Nexter[®] SC Miticide/Insecticide is an improved, flowable formulation containing the active ingredient Pyridaben, which belongs to the chemical class Pyridazinone. Nexter SC is a broad spectrum miticide/insecticide active against broad mites (Tarsonemidae), rust mites (Eriophyidae), pear psylla (*Cacopsylla pyricola*), aphids (Aphidoidea), whiteflies (Aleyrodidae), spider mites (Tetranychidae), and leafhopper nymphs (Cicadellidae).

KEY BENEFITS

- Nexter SC provides excellent contact/ingestion activity against adults and contact activity against larvae and nymphs.
- Nexter SC is a Group 21 Insecticide
- Starts working within minutes of application, reduces mite damage and protects fruit
- Controls a wide range of mite species
- Nexter SC is formulated as a very stable and easy-to-use suspension concentrate
