

NOW FROM GOWAN CANADA

Reason® 500 SC Fungicide is now a Gowan Canada product, joining a potato portfolio which includes Gavel® DF Fungicide and Eptam® Liquid EC Herbicide. With two potato fungicides in the market, we are well equipped to help potato growers keep a handle on early blight AND late blight in this important Canadian crop.

KEY BENEFITS

- Important part of an economical, effective spray program
- Effective against both late blight and early blight
- Anti-sporulant activity enhances contact fungicide program
- Locally systemic, translaminar activity
- Low rate for potatoes: a 2 L jug treats 25 acres
- Good tank-mix compatibility with both mancozeb and chlorothalonil
- Reason 500 SC is also a registered seed piece treatment that protects against seed borne Late blight
